

IT'D BE
GREAT IF
YOU DIDN'T
EXIST! X

Here's the menu...

Okay.

When you're ready to order, please call for us.

Why did you bring me here...

What, don't you like this kind of food?

You should've said so earlier then.

That's not-

Whatever, besides that,

why did you drag me along for that ride?

Answer me that.

Ah-- why would you bring that up when we're going to eat? I'll lose my appetite.

Oh really?

Bye, have fun.

Ah! Please stay! Jeez, you sure are impatient.

Did you bring me along just to make me watch you breaking up with him?

Are you gonna complain to me that it's my fault you had to break up with him?

Hmm...

That's not it.

I just finally

Put an end to any lingering feelings I had for him.

I'm not saying this now because of all that's happened,

But I just wanted to let you know that I've never blamed you for any of this, honestly

I just wanted to prevent you from receiving more harm by cutting ties with both of us

Still, I apologize for acting that way

... The reason why it came to this,

is because I thought I could solve everything on my own.

I always stubbornly decide what's best for me,

and even if it just ends up wasting my energy.

I just kept going with it because I didn't want to end up all alone.

What's this?
this is completely different than what you said.

But that's only my thoughts.

Just tell me the truth.

even if that makes me more lonely.

You're annoying, stop being so whiny.

It's just that I always regret my choices in the end, or am too scared to go through with it, and then just end up ignoring my problems.

I just keep on repeating this process over and over again...

In the end, I can't ever go back now.

It would have been better if I hesitated only because of the emotion of still loving him.

...I want to suppress thoughts like these and not let anyone know.

... And it's not like I really have anyone else to yell at or blame but myself.

I guess I should apologize to him later...

Don't apologize.

If you or anyone else does that,

they'd just return back to square one without ever really advancing.

If you have the time to do that, you might as well just spend that time to recuperate and go on with your life.

you should

never get up on yourself.

that's just my thought.

Hehe...

Hey hey
Stop pretending to be all cool like that~

Pretending to be cool?
